

## SPECIFICATION AMENDMENTS

Please amend the specification as follows:

Page 1, line 2, before "The present invention" insert the section title:

### BACKGROUND OF THE INVENTION

#### 1. Field of the Invention

Page 1, line 7, prior to "In the field" insert the section title:

#### 2. Present State of the Art

Page 1, line 28, prior to "According to a first" insert the section title:

### SUMMARY OF THE INVENTION

Page 7, line 14, prior to "An embodiment of the invention" insert the section title:

### BRIEF DESCRIPTION OF THE DRAWINGS

Page 7, line 27, prior to "Similar items in different" insert

### DETAILED DESCRIPTION OF THE PREFERRED EMBODIMENT

At the end of the application insert the following Abstract.

### ABSTRACT OF THE DISCLOSURE

A magnetic valve includes a collar surrounding and defining a port and a plug. The plug is movable from a first position within the port, in which the port is wholly closed by the plug, to a second position out of the port, in which the port is not wholly closed. The plug and collar are magnetically attracted such that in the first position the plug is magnetically retained within the port.
